

New Course in Environmental Engineering

Spring 2019

CE 5733-002 Special Topics in Environmental Engineering: Air Pollution

Instructor: Michael Thomas, PhD

E-mail: michael.thomas@utsa.edu

Class Schedule: Thursdays 7:30 PM - 10:15 PM

This course is open to engineering and science graduate students and undergraduate students as an elective.

Course Content:

Atmospheric conditions and phenomena, Air emissions and sources, Air quality issues and regulations, Air quality modeling, Air pollution atmospheric and health effects, Air pollution control from mobile and stationary sources, Indoor air quality.

Department of Civil and Environmental Engineering
The University of Texas at San Antonio
San Antonio, TX 78249
