

# **Instructions for Downloading**

## **Microsoft Project**

# Step - 1

Go to: <https://azure.microsoft.com/en-us/pricing/offers/ms-azr-0170p>

The screenshot shows the Azure for Students offer page. The browser address bar displays the URL <https://azure.microsoft.com/en-us/pricing/offers/ms-azr-0170p>. The page header includes the Azure logo, navigation menus for Explore, Products, Solutions, Pricing, Partners, and Resources, a search bar, and links for Learn, Support, Contact Sales, Free account, and Sign in. The breadcrumb trail is Home / Pricing / Offers / Azure for Students. The main heading is "Azure for Students". A blue "Apply now" button is highlighted with a red box. To the right of the button, the currency is set to "United States - Dolla".

Azure for Students gets you started with \$100 in Azure credits to be used within the first 12 months, plus select free services as described below (services subject to change) without requiring a credit card at sign-up. Apply [here](#).

Azure for Students is available only to students who meet the following requirements. You must affirm that you are age 18 or older and attend an accredited, degree-granting two-year or four-year educational institution where you're a full-time student. You must verify your academic status through your organization's email address. This offer is not available for use in a massive open online course (MOOC) or in other professional trainings from for-profit organizations.

This offer is limited to one Azure for Students subscription per eligible customer, is non-transferable, and cannot be combined with any other offer unless otherwise permitted by Microsoft. Azure for Students has a limited supply of activations and the offer is available only while supplies last. Microsoft may terminate this offer at our sole discretion. Other restrictions may apply.

## Upgrades and spending limits

With Azure for Students, eligible customers receive \$100 in credits, which can be used within 12 months on most Azure products. Any unused credits cannot be carried over to subsequent months and cannot be transferred to other Azure subscriptions.

If you exhaust your available credits, your Azure subscription will be disabled. You may then upgrade to a [Pay-As-You-Go subscription](#) by contacting Azure Support. This allows continued use of Azure.

## Software Download Benefits

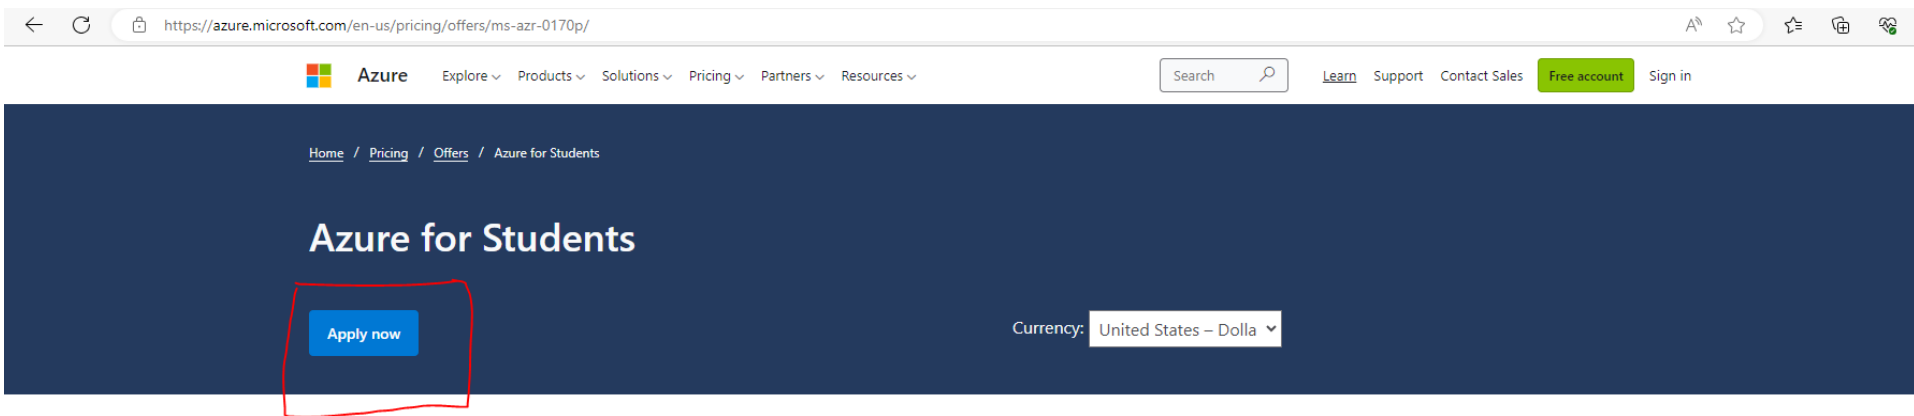

Your Subscription will provide you with access to certain Software Download Benefits expressly intended to support your education, non-commercial research, or efforts to design, develop, test, and demonstrate software applications for the above purposes. Software Download Benefits are personal to you and you may not transfer, sell, share, sublicense, assign, or lend them. Your access to and use of the Software Download Benefits are subject to the terms of this Agreement and any separate terms that are specific to the particular benefit. You must have an, active Azure for Students subscription in order to access the Software Download Benefits.

## Software

Your installation and use of any software, cloud services, or developer tools provided as Software Download Benefits is subject to separate license terms provided with the software.

# Step - 2

- **Click the Apply now button**

The screenshot shows the Azure for Students page. The browser address bar displays the URL: <https://azure.microsoft.com/en-us/pricing/offers/ms-azr-0170p/>. The page header includes the Azure logo, navigation menus for Explore, Products, Solutions, Pricing, Partners, and Resources, a search bar, and links for Learn, Support, Contact Sales, Free account, and Sign in. The breadcrumb trail is Home / Pricing / Offers / Azure for Students. The main heading is "Azure for Students". A blue "Apply now" button is highlighted with a red hand-drawn box. To the right of the button is a currency selector set to "United States - Dolla".

Azure for Students gets you started with \$100 in Azure credits to be used within the first 12 months, plus select free services as described below (services subject to change) without requiring a credit card at sign-up. Apply [here](#).

# Step – 3

- A *Sign in* window will appear and you will insert your UTSA email address

The screenshot displays the 'Your profile' form on the left and the 'Create your Azure free account' section on the right. The profile form includes fields for Country/Region (set to United States), First name, Middle name (Optional), Last name, and Email address. The account creation section lists benefits: Popular services free for 12 months, 55+ services always free, and \$200 credit to use in your first 30 days. A 'No automatic charges' warning is also present, along with a 'Start Chat' button.

**Your profile** ^

Country/Region ⓘ  
United States ▾

Choose the location that matches your billing address. **You cannot change this selection later.** If your country is not listed, the offer is not available in your region. [Learn More](#)

First name

**Create your Azure free account**

-  Popular services free for 12 months
-  55+ services always free
-  \$200 credit to use in your first 30 days

**No automatic charges**

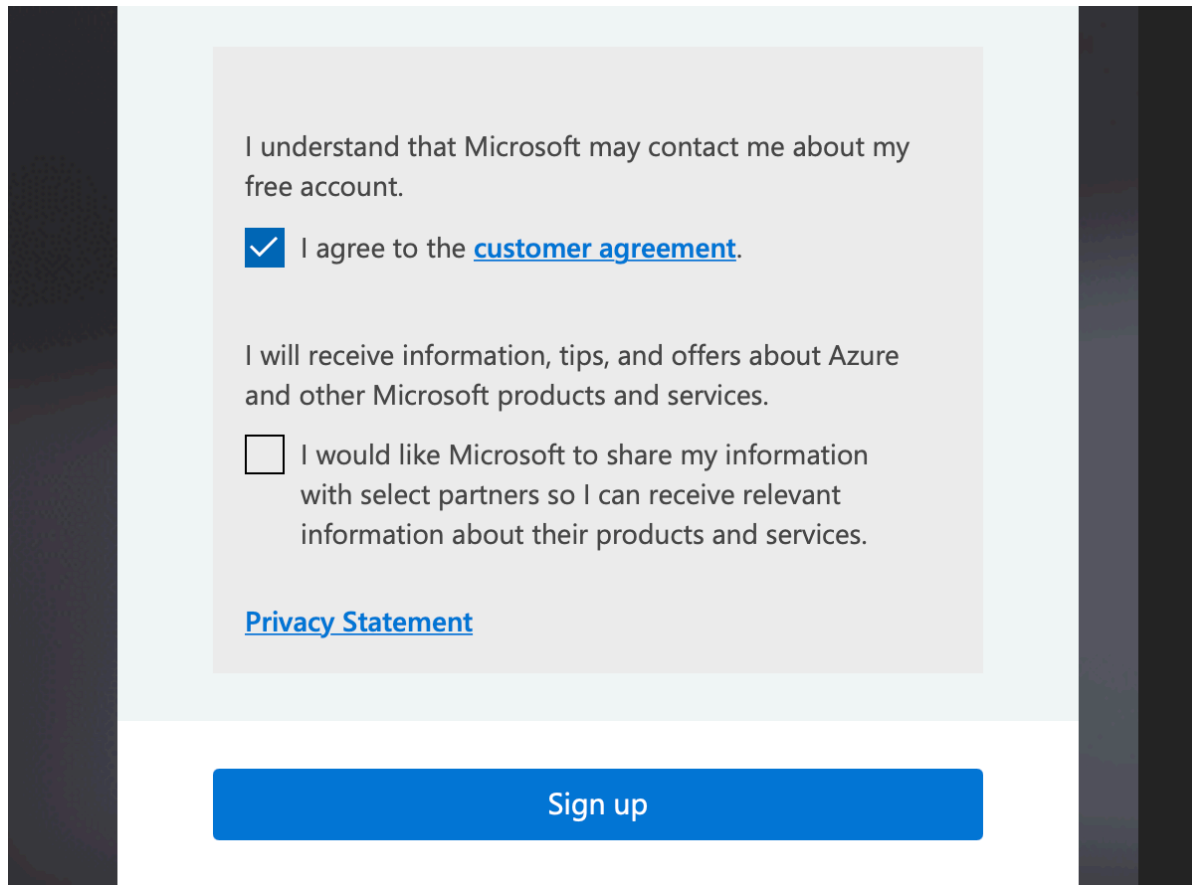

After your credit is over, we'll ask you if you want to continue with pay-as-you-go. If you do, you'll only pay if you use more than the free amounts of services.

[Start Chat](#)

# Step – 4

---

- After a successful login and filling out the information, check the box for the Agreement and **click** the button **Sign Up**.

I understand that Microsoft may contact me about my free account.

I agree to the [customer agreement](#).

I will receive information, tips, and offers about Azure and other Microsoft products and services.

I would like Microsoft to share my information with select partners so I can receive relevant information about their products and services.

[Privacy Statement](#)

**Sign up**

# Step – 5

- On the search bar type in **Education**, and then click on the item.

The screenshot shows the Microsoft Azure portal interface. At the top, the search bar contains the text "education". Below the search bar, a dropdown menu displays search results. The "Education" category is highlighted with a red rectangular box. The results are organized into sections: "Services" (with "Education" listed), "Marketplace" (with "Intune for Education" listed), "Documentation" (with several links related to education), and "Microsoft Entra ID" (with "Educational Affairs Embassy of Mexico", "Education", and "UTSA Education" listed). The background shows the Azure portal navigation pane on the left and various service tiles on the right.

# Step – 6

- Click on **Software**
- Search type **Project**

Project Professional 2019

Project Professional 2019 enables you to deliver projects successfully by keeping your projects, resources, and teams organized and on track. Easily and efficiently plan projects, track status, and collaborate with others from virtually anywhere. You can use real-time communications and instant messaging enabled within your project plan via Skype for Business and also easily sync Project schedules and plans with Project Online and Project Server 2019. Skype for Business, Project Online, and Project Server 2019 are sold separately.

Download Cancel

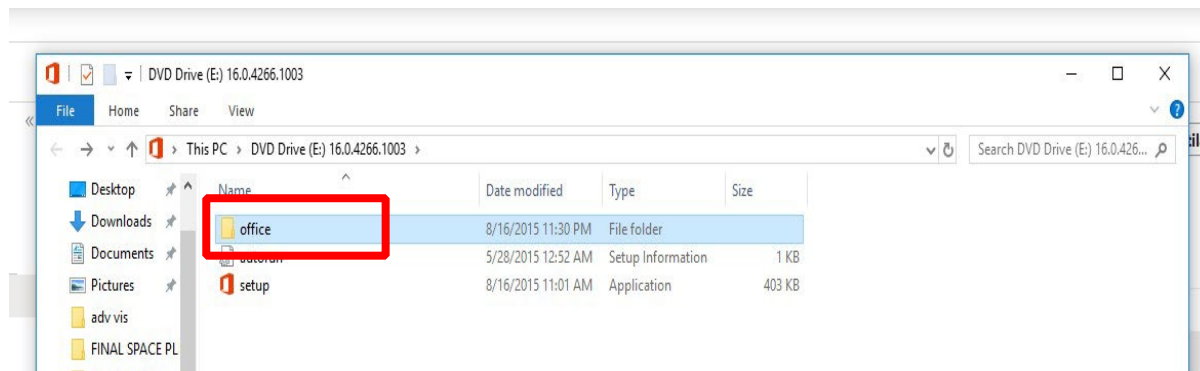

# Step - 8

- Once the download has finished **Open** your Downloads folder and select the file to **Open** it.

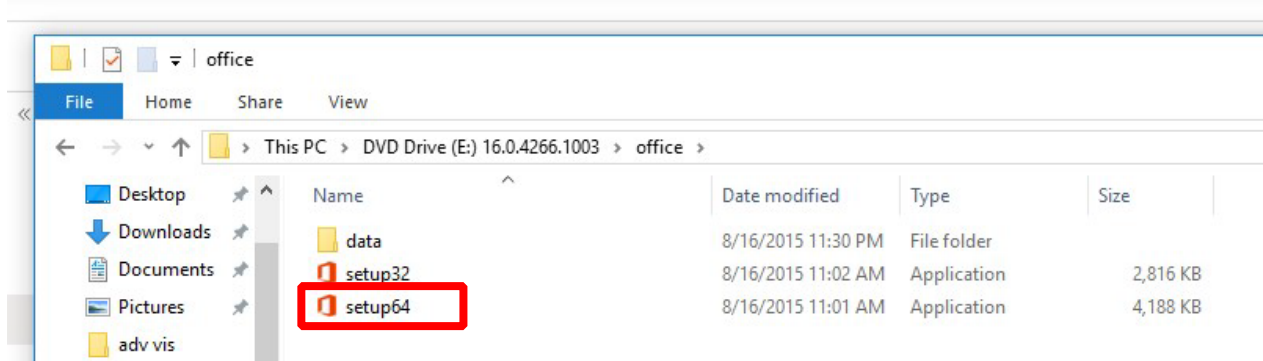

- The file explorer will come up with the contents that were downloaded. **Double-Click** the **Office** folder.

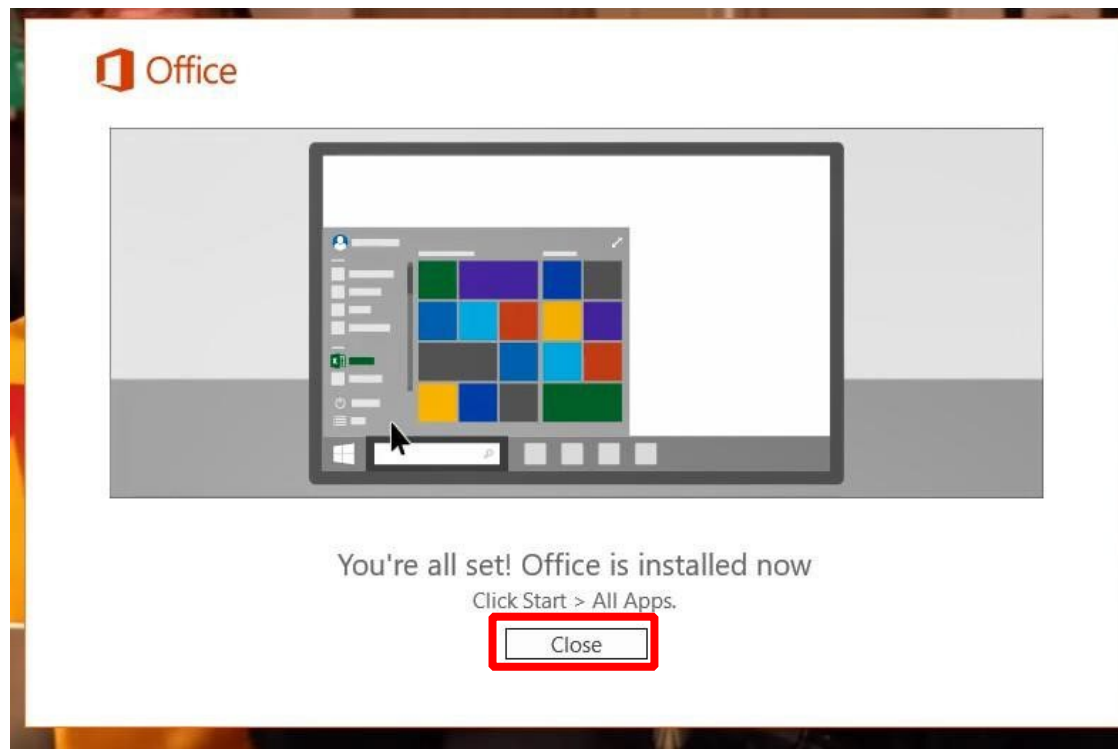

# Step - 9

- In this folder you will find the applications to start the install. **Double-Click** the application **setup64**.

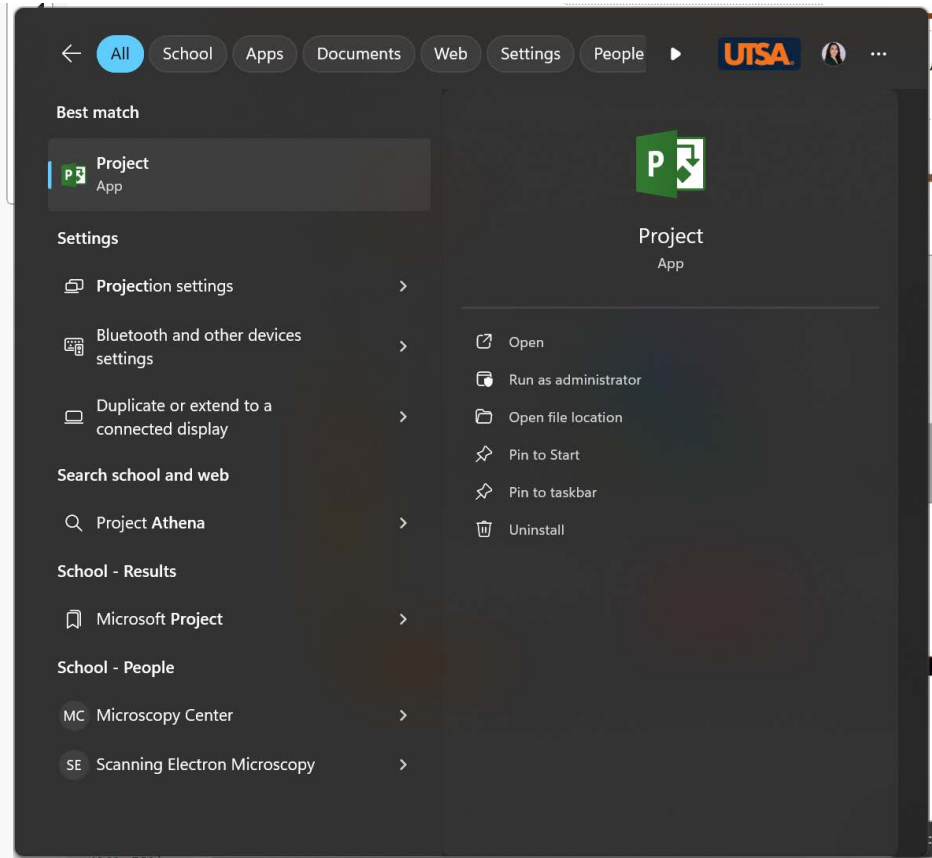

# Step - 10

- It will take a few minutes for the install to download, once it finishes **click** the **Close** button

# Step - 11

- In the search bar type Project and **click** the **Project App** to run it

# Step - 12

- It will prompt you for a key and your key can be found back on the Azure page in the Project Information tab. **Copy** this key and **Paste** it in the box

The screenshot shows two overlapping windows from the Microsoft Azure portal. The background window is titled 'Enter your product key' and features the Microsoft logo, a magnifying glass icon over a dashed box containing 'YMV8X', and a red-bordered input field with the text 'Enter an Office product key:'. Below the input field are links for 'See product key examples' and 'Back'. The foreground window is titled 'Software' and displays details for 'Project Professional 2019'. It includes a 'Keys' section with a search bar and filters for 'Product category: All' and 'Product language: English, Multil...'. A table lists products, with 'Project Professional 2019' highlighted. The 'View Key' button is highlighted with a red border. Other details include 'Operating System: Windows', 'Product language: English', and 'System: 64 bit'. At the bottom are 'Download' and 'Cancel' buttons.
